UI/UX Product Designer with 6+ years of experience across AI SaaS (Palup) and high-traffic E-commerce (momo). Specialist in crafting Human-AI hybrid experiences and scalable design systems. Proven track record of improving retention and usability through rapid prototyping and user-centric iterations.

Experience:

Product Designer

Palup | AI SaaS Startup ,TW
2025 - Present

- Designed core Human-AI hybrid flows (voice/vision), focusing on micro-interactions to reduce user friction in AI tutoring scenarios.
- Built and maintained a modular Figma design system, enabling the engineering team to deploy polished UI components 30% faster.

Product Designer

momoshop | Leading E-commerce, TW
2023 – 2024

- Redesigned core shopping workflows based on user insights, improving usability across platforms.
- Created high-fidelity prototypes and aligned cross-functional teams to streamline product delivery.

Visual / UI Designer

Sugarfun Creative | Digital Agency ,TW
2016 – 2022

- Designed websites, campaigns, branding assets, social content, and interactive layouts for multiple industries.
- Created prototypes, responsive layouts, and creative visuals for clients across retail, fashion, and corporate sectors.
